GPA 8.00/10

Completed college coursework: Data Structures And Algorithms, Object Oriented Programming, Operating Systems, Database Management Systems, Programming In Java, Python Programming

SKILLS

Programming Languages	Java, Python, C, C++
Web Development	HTML ,CSS, JavaScript, React.js, Node.js
Database	MongoDB, MySQL
Version Control	Git, Github

PROJECTS

WanderLust – Full Stack Travel Web Application (Live Demo)
HTML, CSS, JavaScript, Node.js, Express, MongoDB

- Developed a **full-stack travel platform** where users can discover, create, and review travel listings.
- Implemented **secure authentication and authorization** using Passport with sessions and password hashing.
- Integrated **Mapbox API** to display **interactive maps** based on listing geolocation.
- Used MongoDB with Mongoose for schema-based data modeling and Cloudinary for image storage.
- Built a responsive and user-friendly interface using EJS templating and Bootstrap.
- Followed **MVC architecture** and used **modular routing** with Node.js and Express for backend logic.

CERTIFICATIONS AND ACHIEVEMENTS

- **Oracle Certified Java Professional :** Completed the java professional course by Oracle.
- **Google IT Support :** Completed IT Support Professional Certificate by Google.
- **Music Club Member:** Event Management team member of Music Club VIT Bhopal. Conducted events like talent hunt in cultural fest of college.
- **Technical Team Member of College Fest :** Part of technical team in annual sports fest of college. Managed data related to all sports and players.
